About YRSC

Young Researchers in Sciences Conference (YRSC) is an International cluster conference that brings an innovative touch in contrast to the traditional science gatherings. Students for Nature Organization (OSpN) and Institute for Science and Innovation in Society (ISIS), in collaboration with our host, the Faculty of Biology and Geology, Babeș-Bolyai University are proud to present a step forward for our 4th edition of Young Researchers in Bio-Sciences international symposium, by adding two branches: Young Researchers in Chemical-Sciences and Young Researchers in Physics-Sciences, and bringing them all under one main event: Young Researchers in Sciences Conference. This event will take place between 14th and 19th of August, in Cluj-Napoca, Romania.

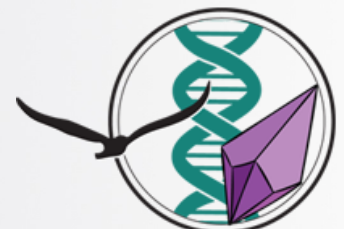

Spanning over the three most researched natural sciences, biology, chemistry and physics, this Conference aims to spark an interest in interdisciplinarity, and help bachelor's, master's and PhD students gain knowledge and experience, all the while forming partnerships, and why not, friendships. The three conferences will unfold at the same time, in the same building, but in different auditoriums/halls. With the aim of supporting the broad specter of thinkers, we have a plenary session and a poster session. YRSC intends to help researchers grow, by receiving constructive feed-back from fellow peers, developing possible new research designs that span over the natural sciences, incorporating them and encompass all participants in the novel design that this Conference brings.

Young Researchers in Bio-Sciences

2017 brings with itself the fourth edition of this symposium and with it many more participants that want to grow and meet scientists that work in different branches of this field, thus learning new and exciting elements and facts. The work we have had the opportunity of discovering through past participants was from different scientific domains such as Genetics, Bioarchaeology, Ecology, Microbiology, Biochemistry, Biotechnology, and Molecular Biology. Though these are the ones presented to us, we are not limited to them, we are open to all biology related topics, as we are trying to form a network of scientists that can find new points of research, and maybe even form partnerships. The participants we have met over the last three years have come from a broad spectrum of cultures, South Korea, Norway, Iran, Hungary, Sri Lanka, Ukraine, Poland, USA, Moldavian Republic, Pakistan, as well as from Romania, some of them attending the symposium for more than one time. We hope you will be one of them.

Young Researchers in Chemical-Sciences

We are excited to mark the beginning of these two new symposiums, and can hardly wait to see what new things we can learn, and how we can be the bridge between the three elements of Young Researchers in Sciences Conference, in hope of achieving interdisciplinary in a nonformal environment. We hope to see not only topics that are within the compass of Chemistry as a domain, but also from relating domains that cover a broader spectrum, falling outside the lines of the conventional. In doing so, we hope to help the understanding of the different elements of Chemical Sciences. We also want help those that present to become better at it by creating a comfortable environment where everyone can help everyone, where you can either ask for assistance in case you need at a project, or help someone else when you feel you have the knowledge necessary.

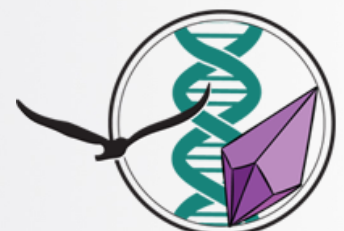

Young Researchers in Physics-Sciences

This symposium is also at its first edition, Physics, alongside Biology and Chemistry being the most researched and prominent domains in the branch of natural sciences. We hope to see researchers that are driven and passionate about this domain, but we are also ardent to discover new elements that have the capacity to mark the bond between these three domains, and improve our understanding of different things. The wish for the first edition of this symposium is to help all scientists develop further, gain new insights about research methods and branches, and possibly find new opportunities at a scientific level. Physics is the domain of science that researches properties of energy and matter from nature, and that is also what we wish to base this symposium on and hopefully help you see the links that can be found between this branch, and the other two that Young Researchers in Sciences Conference offers.

Location

A big involvement in the atmosphere of this event is the city that it takes place in. Cluj-Napoca is a city of great mysteries, grand history and beautiful, lush sights. A place like none other, it boasts in gorgeous architecture: medieval, renaissance, baroque and modern, making it the perfect place to roam. The culinary experience is an important part of Cluj-Napoca's appeal, as it is an elaborate combination of the three nations most abundant here: romanian, hungarian and german. This city is proud to host thousands of students from all over the globe, filling it with such

vitality and mutual respect that any person feels mesmerized and at home.

Accommodation and venue

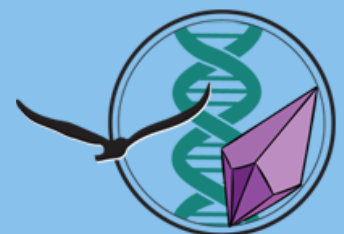

The participant's housing is included in the participation fee at the Babeș-Bolyai University dorms.

Babeș-Bolyai University has 13 dorms located in Hașdeu campus with rooms of 2 or 5 persons and are about 5 minutes walk to the Faculty of Biology and Geology (the place where the conference will be held).

Participants will be hosted 2 or 3 in rooms.

To those who don't want accommodation at the University's dorms you can write us an email to recommend where you can book a room*.

*The price in this case is not, however, covered by organizers.

Preliminary program

Day 1 – August 14, 2017

8⁰⁰-12⁰⁰: Accommodation

12⁰⁰-13⁰⁰ : Break

13⁰⁰-16⁰⁰: Accommodation

16⁰⁰-19⁰⁰: Registration

Day 2- August 15, 2017

9⁰⁰ - 10⁰⁰: Coffee

10⁰⁰-10⁵ :Opening ceremony

10⁴⁵-11³⁰ : Keynote lecture

11³⁰-11⁴⁵ : Coffee break

11⁴⁵-13⁰⁰ : Plenary session I

13⁰⁰ – 14³⁰ : Lunch

14³⁰-14⁴⁵: Sponsors presentation

14⁴⁵ – 15³⁰ : Plenary session I - continued

15³⁰ – 15⁴⁵ : Coffee break

15⁴⁵ – 18⁰⁰ : Plenary session I - continued 1

8⁰⁰- 20⁰⁰ : Discussion

20⁰⁰ - 21⁰⁰: Dinner

21:00: Global village

Day 3 – August 16, 2017

9⁰⁰ - 10⁰⁰: Coffee

10⁰⁰-11¹⁵ : Plenary session II

11¹⁵-11⁴⁵ : Coffee break and Poster Session

11⁴⁵-13⁰⁰ : Plenary session II - continued

13⁰⁰ – 14³⁰ : Lunch

14³⁰-14⁴⁵: Sponsorship presentation

14⁴⁵-18⁰⁰ : Tour of Cluj-Napoca

20⁰⁰ - 21⁰⁰: Dinner

21⁰⁰ : Social evening

Day 4 – August 17, 2017

9⁰⁰ - 10⁰⁰: Coffee

10⁰⁰-11¹⁵ : Plenary session III

11¹⁵-11⁴⁵ : Coffee break and Poster Session

11⁴⁵-13⁰⁰ : Plenary session III - continued

13⁰⁰ – 14³⁰ : Lunch

14⁴⁵ – 15³⁰ : Plenary session IV - continued

15³⁰ – 15⁴⁵ : Coffee break and sponsors presentation

15⁴⁵ – 18⁰⁰ : Plenary session IV - continued

19⁰⁰ - 20⁰⁰: Dinner – social evening

Day 5 – August 18, 2017

9⁰⁰- 10⁰⁰ : Coffee

10⁰⁰: Trip

Day 6 – August 19, 2017

9³⁰- 10⁰⁰: Coffee

10⁰⁰-11⁴⁵ : Plenary session V

11⁴⁵-12¹⁵ : Coffee break and poster session

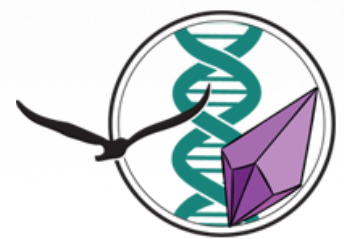

12¹⁵-13¹⁵ : Plenary session V - continued

13¹⁵ – 14³⁰ : Lunch

14³⁰ – 17⁰⁰ : Best 10 posters - presentation

19⁰⁰ : Award and Closing ceremony

21⁰⁰ : Good-bye Party

REGISTRATION

**Deadline: 1st August 2017, 8 p.m.
GMT Eastern European Time.**

Steps

1. Fill in the registration form from www.yrbs.ospn section Fee and Registration and upload the abstract there.
2. A confirmation email of your abstract acceptance will be sent within 72 hours.
3. If the abstract was accepted make the payment and send an email with the fee receipt at the address contact.yrsc@gmail.com
4. A confirmation email of full registration will be sent to you within 72 hours.

Abstract submission

Deadline: 1st August, 2017

The abstract will be written according to the following requirements (in the order mentioned) and it must have between 200-250 words:

- o Importance
- o Conclusion
- o Description

Abstract will be uploaded on the website www.yrbs.ospn.ro at section Fee and Registration.

There are three classes of taxes which are calculated by the medium income in your country established by the World Data Bank.

35 euro	http://data.worldbank.org/income-level/low-income?view=chart
50 euro	http://data.worldbank.org/income-level/lower-middle-income?view=chart
70 euro	http://data.worldbank.org/income-level/upper-middle-income?view=chart
100 euro	http://data.worldbank.org/income-level/high-income

Payment options

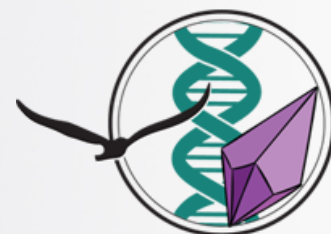

1. Banking transfer - directly from your bank or your internet banking account in one of the following bank accounts, on the name of “Organizatia Studentilor pentru Natura”, Republicii Street no. 44, Cluj-Napoca, Romania.

- R024BTRLLEURCRT0297391401 – EURO, Swift code BTRLRO22
- RO74BTRLRONCRT0297391401 - LEI

At “Specifications” you should mention:

- Name of the person/persons for who the payment is made
- Participation fee for the International Conference YRBS/YRCS/YRPS

2. PayPal.

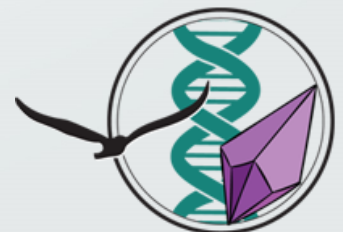

What does the fee include?

- Accommodation
- Meals
- Coffee breaks
- Symposium bags and accessories
- Oral/poster presentation
- Free entrance at museums and Botanical Garden
- Trip near Cluj-Napoca

Terms and conditions

- Registrations sent after the deadline will not be taken into consideration.
- If you need a visa please take into consideration that there are some procedures that might take up to one-two weeks to obtain it so please contact us if you need an invitation letter.
- Reimbursement of the fee for participation in the conference is 75% for objective reasons (not granting visas, delays in means of transport, etc.)
